**Email:** c2truax@gmail.com **LinkedIn:** chtruax **GitHub:** c2truax **Portfolio:** www.christruax.org

Self-motivated full stack web developer with a passion for technology and learning. Can be depended on to work independently, but also the ability to thrive on a team. Looking to work in an environment where I can make an impact on the world through my coding, continue to expand my knowledge base, and be constantly improving.

## Technical Skills

---

LANGUAGES: JavaScript, Python, SQL, Ruby, HTML, CSS

FRAMEWORKS: Angular, Express.js, Django, Flask, Rails, MVC, Bootstrap

DATABASES: MySQL, SQLite, PostgreSQL, NoSQL, MongoDB, Mongoose, ERDs

OTHERS: GitHub, jQuery, Node.js, NPM, TDD (Capybara & RSpec), D3.js, BCrypt, RESTful, Virtual Machines, AJAX, API, Postman, AWS, Balsamiq, Socket.io

## Business Skills

---

Leadership, Team Building, Leadership Development, Strategic Planning, Volunteer Management, Non-profit, Fundraising, Public Speaking, Problem Solving, Client Communication, Missions

## Experience

---

**Coding Dojo** (2018) completed a 14-week coding boot camp where I learned three full stacks: Python, MEAN, and Ruby on Rails.

- Python Stack: [Python, Django, Flask, MySQL, SQLite, and Bcrypt.] Python project is an ecommerce web application utilizing Python, Django, Bootstrap, Balsamiq, and Saleor. Hearts and Hands is a business in China that hires deaf and disabled workers and teaches them how to make handicrafts that are sold online to pay the workers salaries. (in progress)
- MEAN Stack: [MongoDB, Express.js, Angular, Node.js, NPM, socket.io, AJAX, Mongoose, Bcrypt, and Postman.] MEAN and D3.js project is a dynamic chart utilizing D3 contained in a web application utilizing MongoDB, Express.js, Angular, and Node.js. Coffee Tasters Wheel is a web application where a coffee taster can record the flavor profile of a particular coffee bean. (in progress)
- Ruby on Rails Stack: [Ruby, Rails, SQLite, PostgreSQL, Vagrant, TDD, Rspec, Capybara, and Gems.] Ruby on Rails web application project is Chris' portfolio utilizing Ruby, Rails, and PostgreSQL. (christruax.org)

**Digiterra** (2000 – 2002) is a computer consulting company where I learned Lawson a COBOL based enterprise application. I worked on new installations by customizing code to match the clients' needs, and was on the upgrade team doing data migrations. **SKILLS:** Problem Solving, and Client Communication

**e3 Partners Ministry** (2003-current) is a Christian missions ministry that Equips believers to Evangelize the lost in order to Establish new churches. I am a trip leader responsible for recruiting teams of everyday Christians, training them in culture and ministry tools, taking them overseas to partner with a local church. **SKILLS:** Leadership, Team Building, Fundraising, Public Speaking, Leadership Development, Strategic Planning, Volunteer Management, and Non-profit

## Education

---

Coding Dojo	Python, MEAN, and Ruby on Rails	Dallas, TX - 2018
Georgia Institute of Technology	BS in Industrial Engineering	Atlanta, GA - 1999
